Building Information

The Van Ness Campus features shared workspace design.

Multi-disciplinary workrooms are individual computer workstations in a shared environment. Workstations cannot be claimed for individual use. Practice shared workspace etiquette. Keep the volume down and clean up when you leave.

Consult rooms are designed for providers to have private conversations with patient family member(s) and significant others. Rooms may be locked; requests keys from the charge nurse. Please clean the room after every use.

Family rooms are public areas for family members to sit and gather, outside the patient room.

There are four **On-Call rooms, 5344, 5362, 5364, and 6530 (ADA)**. Contact Support Services at **x77900 (415-600-7900)** to reserve a room up to a week in advance. Same day or after-hours requests can be directed to the hospital Operator or Nursing Supervisor.

Conference Room Reservations

Conference rooms are available for use. Rooms are equipped with large monitors and teleconferencing. Rooms are locked after hours by Security. Video displays outside of these rooms provide meeting schedules.
